

JOB POSTING: MILLWRIGHT MECHANIC

Page 1 of 2

AIRMATIC INC, Malvern, PA, is an industry-leading supplier of mechanical products and services to the Industrial, Construction and Utility Markets. We are recruiting skilled Millwrights within an hour of the Malvern, headquarters to join our Field Service Installation and Maintenance Team installing and servicing bulk materials handling equipment in the Middle Atlantic and New England States. We are looking for hard working professionals who enjoy meeting challenges and exceeding Customer expectations. Our skilled Millwright Mechanic has experience in multi-arc welding processes, and is a combination welder who is practiced in SMAW (STICK), GMAW (MIG), FCAW (FluxCore), GTAW (TIG) and Oxygen/Acetylene Flame Cutting and Carbon Arc Gouging. We're searching for a long-term Team members who are looking for a secure and rewarding employment opportunity.

RESPONSIBILITIES:

- Follow MIG, TIG, and/or SMAW/STICK welding procedure specifications to efficiently produce quality welds in flat, vertical and overhead positions
- Read and interpret project plans, blueprints, diagrams, and written instructions describing assigned tasks
- Perform or assist with fit-up and preparation of weld, such as debur, grind, chip and hammer workpieces to achieve proper surface
- Lay-out, position, align and secure parts and assemblies prior to assembly using straight edges, combination squares, calipers, flange line-up pins, wrap arounds, center finders and rulers
- Examine workpieces for defects and measure workpieces with straightedges or templates to ensure conformance with specifications
- Clamp, hold, tack-weld, heat bend, grind, or bolt components parts to obtain required configurations and positions for welding
- Inspect grooves, angles or gap allowances to meet specification using micrometer, caliper and precision instruments
- Observe tests on welded surfaces, such as hydrostatic, x-ray, and dimension tolerance to evaluate weld quality and conformance to specifications
- Perform or assist with post weld clean-up, inspection and repair
- Assist with general site work such as loading and unloading equipment and materials, site preparation and clean-up, mobilization and demobilization to and from job site, scaffolding erection and other construction site tasks and duties as assigned
- Perform firefighting duties if necessary
- Maintain work area(s), assigned vehicle(s) and equipment, tools and supplies in a neat, orderly, good working order and safe condition

POSITION REQUIREMENTS:

- Strong mechanical and technical aptitude
- Problem solving skills
- Detail oriented, well organized, neat and orderly
- Ability to prioritize activities needed for prompt turnaround of Customer tools and equipment
- Highly motivated with focused ambition and drive
- Recognition and acceptance of the business principle that providing Great Customer Service is Job #1 for every Associate
- Ability to understand and carry out complex oral and written instructions

POSITION REQUIREMENTS:

- Skilled in the use of the variety of tools, equipment, materials, methods, and procedures used in the repair and assembly of electric motors, mechanical tools and shop equipment
- Strong understanding of occupational hazards and safety precautions of the mechanic trade
- Ability to rapidly move from job to job as priorities and Customer demands dictate

APPROPRIATE SKILLS, ATTRIBUTES AND INTERESTS:

- Desire and ability to work in a culture that rewards sound judgement, initiative, taking responsibility, honesty, passion and hard work
- Embrace a culture that values cathedral builders – not brick layers

AIRMATIC provides ongoing safety training, skills training, product training, coaching and mentoring support to help elevate our Associates and our Company.

HOURS & COMPENSATION:

- Hours: 8:30 – 5:00 PM Monday thru Friday
- Salary: \$18 - \$22 Per Hour
- Benefits: Comprehensive Package includes: Medical, Dental, Vision, Life Insurance; Flex Benefits Plan; 401(k) Plan and Profit Sharing. Work clothing, footwear, PPE and other safety equipment, and mechanic's hand and power tools provided.

An AIRMATIC Millwright will receive \$18 to \$24 hourly. Pay rate will be established upon successful completion of trade and welding tests.

AIRMATIC offers a Comprehensive Benefits Package which includes Medical, Dental, Vision, Life Insurance, Paid Vacation and Sick Benefits, Flex Benefits Plan, 401(k) Plan and Profit Sharing.
